This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PLATE 15

[illegible]

1 South side of [illegible] looking west.

W. McM. W., Phot.

2 South side of [illegible] looking [illegible] from the reef flat platform. [illegible]

1

2

HELIOTYPE CO., BOSTON.

PLATE 16.

Plate 16.

RANGIROA.

1. Lagoon beach, south side of atoll. W. McM. W., Phot

2. Gap in land rim, south side of atoll, seen from the lagoon side looking towards old ledge sea wall, outliers of sea wall protruding in the gap. M. A., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 17.

Plate 17.

RANGIROA.

1. Reef flat platform, sea face of south side of atoll, looking seaward.

2. Sea face of south side of atoll, looking along the base of the old ledge sea wall.

1, 2, W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 18.

PLATE 18.

RANGIROA.

1. South side of atoll, looking along the base of the old ledge sea wall. M. A., Phot.
2. Large blocks of Astrean and Porites *in situ* on small islet in middle of lagoon, south of Mohican Island. W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

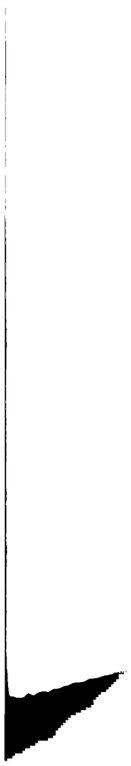

PLATE 19.

PLATE 19.

RANGIROA.

1. Old ledge on the shore of small islet in middle of lagoon.

2. Beach rock and recent coral boulders thrown up on the east shore of the same islet.

1, 2, W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 20.

PLATE 20.

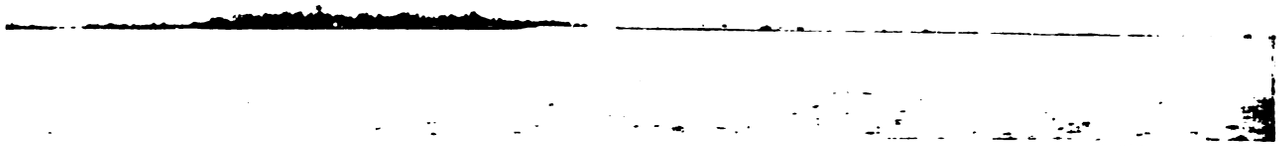
1. Entrance to Matahiva on northeast extremity of the atoll.
2. West shore of Tikahau, looking southeast.
3. Land rim and gap on the southwest shore of Tikahau.
4. Wide reef flat platform, southwest shore of Tikahau, looking southeast.

1-4, W. McM. W., Phot.

1

2

3



4

HELIOTYPE CO., BOSTON.

PLATE 21.

PLATE 21.

PLATE 21.

MAKATEA.

1. Central part of west shore of the island. Cañon leading to the sink on the summit of the island is behind the village.
2. Lowest part of the west side of the island.
3. Northern point, seen from the west side.

1–3, W. McM. W., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 22.

PLATE 22.

MAKATEA.

1. Highest point of the island, seen from the west.

2. Northern point of the island, looking southeast; elevated coralliferous limestone.

1, 2, A. G. Mayer, Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 23.

Plate 23.

Elevated coralliferous limestone cliffs on the western face of Makatea, looking south.

A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 24.

PLATE 24.

Cliffs on the western face of Makatea, looking north over the narrow reef flat platform.

A. G. M., Phot.

Coral Reefs, PLATE 24.

HELIOTYPE CO., BOSTON.

PLATE 25.

Plate 25.

Cliffs on the northern point of Makatea, looking over the reef flat platform.

W. McM. W., Phot.

HELIOTYPE CO., BOSTON.

PLATE 26.

Plate 26.

MAKATEA.

1. North point of the island, looking eastward.
2. West face of the island, showing the coral sand beach and the reef flat platform, looking south.

1, 2, W. McM. W., Phot.

1

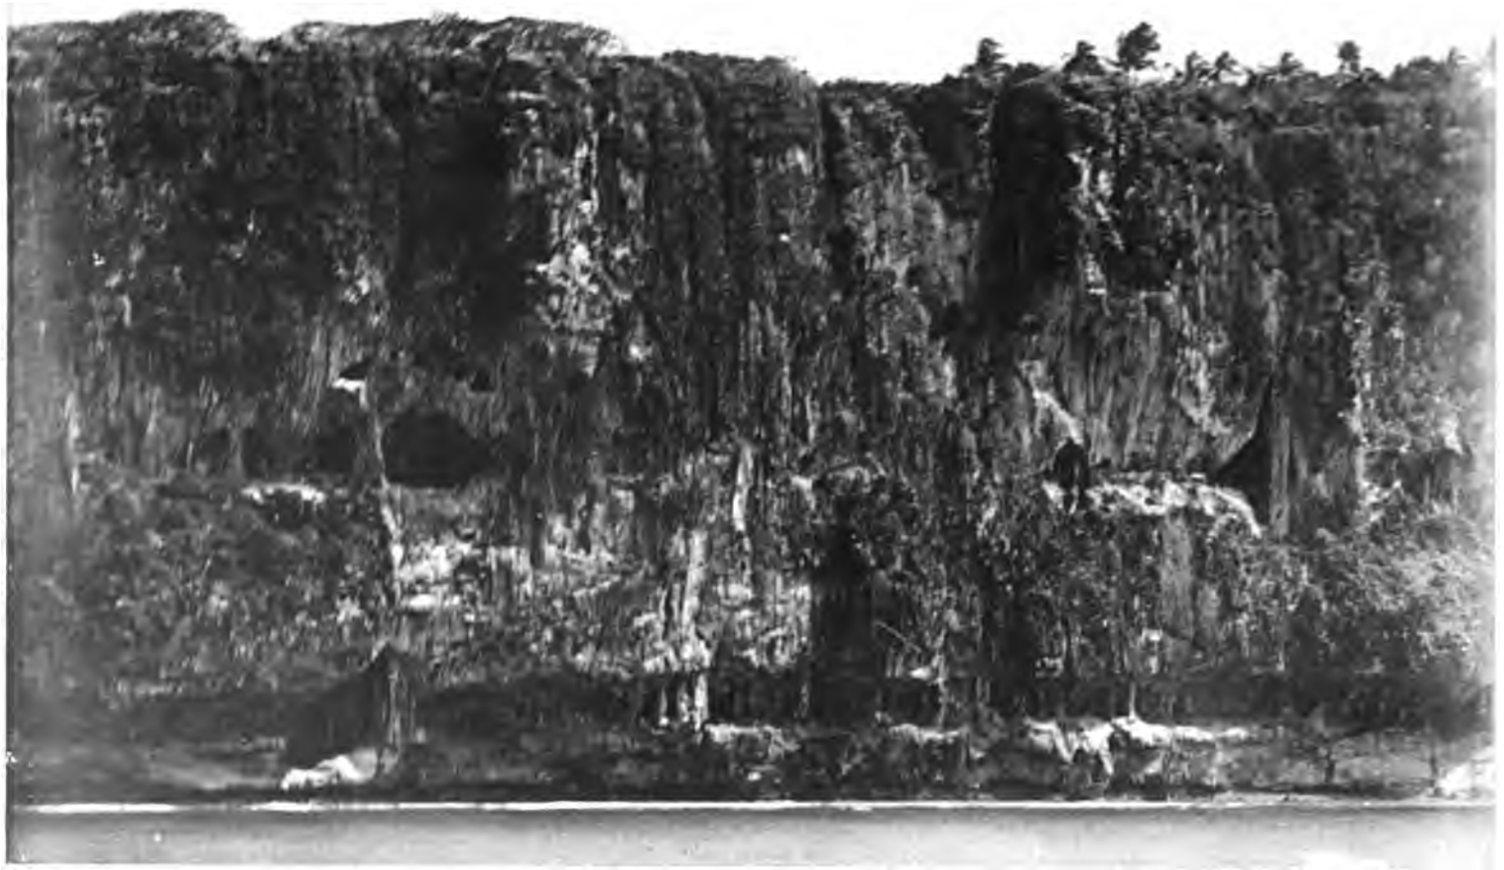
2

HELIOTYPE CO., BOSTON.

PLATE 27.

Plate 27.

Elevated coralliferous limestone cliffs on the east face of **Makatea**, south of the village, showing the undercutting at the base, the lines of caverns, and the stalactites along the face of the cliffs and over the openings of the caverns. W. McM. W., Phot.



HELIOTYPE CO., BOSTON.

PLATE 26.

PLATE 28.

MAKATEA.

1. Cliffs on the east face of the island. The first terraces are sloughed off; long coral sand beach at the base of the cliffs, near the southern end of the island.

W. McM. W., Phot.

2. Cliffs on the east face of the island, with a short coral sand beach at the base; the lower terraces are beginning to slough off near the southern extremity of the island.

A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 29.

PLATE 29.

MAKATEA.

1. Showing the terraces on the south face of the island, with horses of elevated reef rock of the first terrace, separated by short coral sand beaches.

2. Terraces of the east face of the island, near the southern extremity, with beaches and horses of the old ledge.

3. Terraces of the east face of the island, with beaches and horses, near the southern end of the island.

1–3, A. G. M., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 30.

Plate 30.

Cañon leading up the cliffs of the west face of Makatea to the path winding across the summit sink to the east face of the island. C. H. Townsend, Phot.

HELIOTYPE CO., BOSTON.

PLATE 31.

PLATE 31.

MAKATEA.

1. Cañon through the summit of the cliffs on the west side, opening on the path leading to the east side of the island.

2. Spires and pinnacles of old ledge along the path leading across the central plateau of the island.

1, 2, C. H. T., Phot.

"Albatross" Tropical Pacific Expedition.

2

Coral Reefs, PLATE 31.

HELIOTYPE CO., BOSTON

1

PLATE 32.

PLATE 32.

MAKATEA.

1. Old ledge pinnacles in the central part of the sink of the island.

2. Old ledge pinnacles in the central part of the sink of the island.

1, 2, C. H. T., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 33.

Plate 33.

Reef flat platform, on the west shore of Niau, with undercut ledges and horses of elevated coralliferous limestone. A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 34.

PLATE 34.

NIAU.

1. Outcrop of old ledge in the central part of the land rim of the island.

2. Outcrops of old ledge on the reef flat platform of the west face of the island.

3. Low undercut elevated coralliferous limestone bluffs on the south shore of the island.

1–3, W. McM. W., Phot.

2

1

3

HELIOTYPE CO., BOSTON.

PLATE 34.

PLATE 35.

NIAU.

1. Outcrop of old ledge near the lagoon, west face of the island.

2. Outcrop of old ledge near the lagoon, west face of the island.

1, 2, A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 36.

Plate 36.

Lagoon shore, west face of Niau; the old ledge crops out on the right. A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 37.

PLATE 37.

APATAKI.

1. Southwest shore of atoll, seen from the sea, showing the low land rim, with its islands and islets and submerged flats.

2. Land rim with partly submerged flats.

3. Looking northwest, on lagoon side of land rim east of Pakaka Pass.

1-3, A. G. M., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 38.

PLATE 38.

APATAKI.

1. Pakaka Pass, seen from the sea, looking into the lagoon.
2. Gap across the land rim to the east of Pakaka Pass.
3. Looking out to sea, across Pakaka Pass, from the lagoon side.

1-3, A. G. M., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 39.

PLATE 39.

APATAKI.

1. Low flats of the lagoon, east of Pakaka Pass.

2. Lagoon beach of land rim east of Pakaka Pass, looking northwest.

1, 2, W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 40.

PLATE 40.

1. Vegetation of land rim, lagoon side of Apataki. C. H. T., Phot.
2. Boulder beach outside of channel leading to central sink of Tikeï.
3. West shore of Tikeï, south end of high coral sand beach.
4. West shore of Tikeï, north end of high coral sand beach.

2–4, W. McM. W., Phot.

1

2

3

4

HELIOTYPE CO., BOSTON.

PLATE 41.

Plate 41.

TIKEÏ.

1. Gap forming pass leading from the sea face to the interior sink.

2. Cut leading from gap to the inner sink.

1, 2, A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 42.

Plate 42.

Wide passage leading from the gap (Pl. 41, fig. 1) to the central pool of Tikeï.

A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 43.

Plate 43.

TIKEÏ.

1. Marshy flat near the pool of the central sink. W. McM. W., Phot.

2. Marshy flat connecting the central sink with the wide passage to the sea (Pl. 42).
A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 44.

Plate 44.

Sink with pool showing an outcrop of the old ledge, near the central part of Tikeï.

A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 45.

KAUEHI.

1. West shore, seen from the sea, looking across the lagoon to the islands of the opposite face, showing masses of boulders flanked by elevated undercut ledges of coralliferous limestone.

2. Wide gap across the land rim of the west face of the atoll, seen from the sea.

A. G. M., Phot.

3. Mass of large boulders on the west face of the land rim, partly recent coral conglomerate, partly old ledge, still attached to the narrow reef flat platform.

1, 3, W. McM. W., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 46.

PLATE 46.

FAKARAVA.

1. Partly submerged land rim of the west face of the atoll, islands and islets of the northwestern part of the lagoon. A. G. M., Phot.

2. Island on east side of Ngarue Pass, looking east while in the pass.

3. Lagoon face of land rim, west of Rotoava village, showing the low beach rock beach, seen from the anchorage.

2, 3, W. McM. W., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 47.

PLATE 47.

FAKARAVA.

1. Ledges, islets, and islands in northwestern part of atoll (Pl. 204), seen from the island nearest to the Rotoava anchorage.
2. Ledge in the lagoon between Ngarue Pass and Rotoava.
3. One of the islands of the cluster in the northwestern part of the lagoon, the one nearest to the Rotoava anchorage.
4. North face of the same island, flanked by old ledge rock, with ledge of the same seen in the distance.

1–4, W. McM. W., Phot.

1

2

3

4

HELIOTYPE CO., BOSTON.

PLATE 48.

PLATE 48.

Sink and pool south of Rotoava village, Fakarava. W. McM. W., Phot.

HELIOTYPE CO., BOSTON.

PLATE 49

Plate 49.

Low beach rock cliffs of lagoon face of land rim near Rotoava village, Fakarava, part of Fig. 3, Pl. 46. A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 49

PLATE 50.

FAKARAVA.

Sea face shingle beach with characteristic vegetation of the land rim of a Paumotu atoll.

A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 51.

Plate 51.

1. Looking over the partly submerged land rim across to islets in the lagoon of Anaa, seen from the sea.

2. Beach rock on the sea face of the shingle beach to the east of Rotoava village, Fakarava, showing Nullipore knolls to the left of the reef platform.

1, 2, A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 52.

PLATE 52.

ANAA.

1. Northwest point of the atoll, showing undercut elevated coralliferous limestone ledges with outliers of the same on the reef flat platform. W. McM. W., Phot.

2. Gap on the northwest shore of the land rim, looking into the lagoon towards the land rim on the opposite face.

3. Horn and reef flat platform on the northwestern side of the atoll, seen from the sea.

2, 3, A. G. M., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 53.

PLATE 53.

ANAA.

1. Part of the eastern shore flanked by low undercut elevated coralliferous limestone ledges and horses, separated by short coral sand beaches.
2. A more northerly part of the east face land rim, covered with small islands, separated by high gaps, with shingle beaches flanked by recent and old ledge boulders.
3. Submerged north face land rim with a prominent islet, looking across the shallow lagoon flat to the land rim of the opposite face.

1-3, A. G. M., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 54.

PLATE 54.

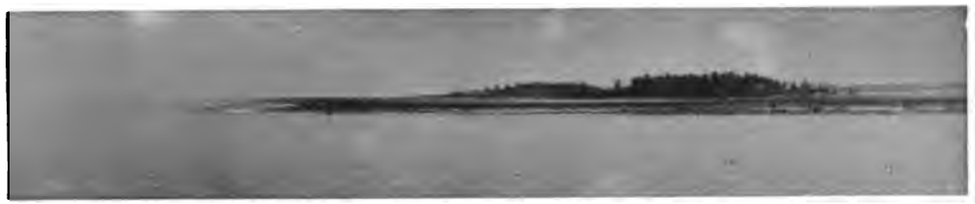
TAHANEA.

1. Island on the horn formed by the sweep of the reef flat platform on the west side of the atoll, seen from the sea.

2. Reef flat platform on the east face, at the curve leading to the southwest point, seen from the sea.

3. Southeast face of the atoll, seen from the sea, looking across the outer reef flat to the island on the inner platform of the secondary lagoon.

1, 2, W. McM. W.; 3, A. G. M., Phot.



1

2

3

HELIOTYPE CO., BOSTON.

PLATE 55.

PLATE 55.

TAHANEA.

1. Islands running at right angle to the face of the atoll, on the land rim of the southeast shore, seen from the sea. W. McM. W., Phot.

2. Islet and bars at right angle to the face of the atoll, on the west shore of the atoll, seen from the sea.

3. Narrow bare land rim of outer reef platform, on the north face of the atoll, seen from the sea.

4. Island and bars in the lagoon on the south face of the atoll, looking over the narrow land rim from the sea. The island is on the north side of the secondary lagoon.

2-4, A. G. M., Phot.

1

2

3

4

HELIOTYPE CO., BOSTON

PLATE 56.

PLATE 56.

TAKUME.

1. Looking across the horn of the north end of the atoll, seen from the sea.
2. Looking across the gap in the land rim of the northwest face of the atoll, island on the opposite face looming up, seen from the sea.
3. Looking into the lagoon across a low gap of the land rim on the northwest face of the atoll, seen from the sea.

1, 2, A. G. M.; 3, W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

3

PLATE 57.

PLATE 57.

TAKUME.

1. Islets on the land rim of the east face of the atoll, looking across the lagoon to the islands of the west face, seen from the sea.

2. Looking across a shallow gap in the land rim of the northwest side of the atoll, seen from the sea, breakers of the east face seen across the lagoon.

3. Boulders of old ledge on the northwest face of the atoll, looking across the lagoon, seen from the sea.

4. Islet and bars on the land rim at right angle to the east face of the atoll, islets of the west face seen across the lagoon, seen from the sea.

1–4, W. McM. W., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

4

PLATE 58.

PLATE 58.

1. Land rim on the north side of Fakarava (lagoon face), distant ledges seen in the lagoon. A. G. M., Phot.

2. Looking into the lagoon of Takume across a narrow gap on the northwest face of the atoll. W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 59.

PLATE 59.

MAKEMO.

1. Looking across the pass on the northeast face, from the lagoon side.

2. Looking across the entrance to the same pass from the sea face, showing the outer shingle beach, the rolled boulders at the base, the narrow reef flat platform, and the outer edge of Nullipore knolls.

1, 2, W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 60.

PLATE 60.

MAKEMO.

1. Land rim of the northeast face of the atoll, broken by gaps, seen from the lagoon side.

A. G. M., Phot.

2. Continuous land rim on the northeast face of the atoll, seen from the lagoon side.

3. Sea face of the northeast land rim of the atoll, showing the shingle beach flanked by coral boulders at the base, the outer line of Nullipore knolls flanking the outer edge of the reef flat platform lagoon.

2, 3, W. McM. W., Phot.

1

2

3

HELIOTYPE CO., BOSTON.

PLATE 61.

Plate 61.

MAKEMO.

1. Looking out to sea from a low coral sand dam thrown across the lagoon face of a shallow gap, showing the shingle dam thrown across the sea face of the gap.

2. Looking towards the lagoon from the sea face of a gap of the land rim, across a narrow channel cut through old ledge rock capped with modern conglomerate.

1, 2. W. McM. W., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 62.

PLATE 62.

MAKEMO.

1. Shingle and rubble beach on the sea face, with line of Nullipore knolls on the outer edge of the narrow reef flat platform lagoon running parallel to the beach.

2. Sea face shingle beach with rolled coral boulders at the base, and outliers of the old ledge cropping out, on the reef flat platform, between the base of the shingle beach and the outer line of Nullipore knolls, forming the head of one of the reef flat platform lagoons.

1, 2, A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 62.

PLATE 63.

MAKEMO.

1. Outer edge of knolls of Nullipores flanking the reef flat platform lagoon running parallel to the sea face shore line.

2. Sea face of atoll, showing the outer reef flat platform with its Nullipore edge, and base of the land rim flanked by a mass of material to form a conglomerate bedding covering the underlying old ledge.

1, 2, A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 64.

Plate 64.

MAKEMO.

Coral shingle, rubble, and small boulders on the summit of the beach on the sea face, encroaching upon the vegetation of the land rim. A. G. M., Phot.

HELIOTYPE CO., BOSTON.

PLATE 63.

MAKEMO.

1. Outer edge of knolls of Nullipores flanking the reef flat platform lagoon running parallel to the sea face shore line.

2. Sea face of atoll, showing the outer reef flat platform with its Nullipore edge, and base of the land rim flanked by a mass of material to form a conglomerate bedding covering the underlying old ledge.

1, 2, A. G. M., Phot.

1

2

HELIOTYPE CO., BOSTON.

PLATE 64.

PLATE 66.

PLATE 66.

TEKOKOTA.

1. Looking across the lagoon of the atoll over the land rim of the west face, showing bar of shingle at right angle to the sea face.

2. Looking across the northwestern horn of the atoll.

3. Islets running at right angle to the reef platform of the west face of the land rim. looking across the lagoon of the atoll from the sea.

4. Looking across the land rim of the southwest face of the atoll, showing islet at right angle to the face, and the land rim of the opposite face.

1, 4, W. McM. W.; 2, 3, A. G. M., Phot.
